- Hindi

## PROJECTS

**Personal Portfolio Website**
- Designed a clean, professional portfolio showcasing bio, skills, projects, and contact form using HTML, CSS, and Bootstrap.
- Ensured responsive design for optimal viewing across devices.

**Weather Detecting App**

- Built an interactive weather app using HTML, CSS, Bootstrap, and async/await API methods to fetch real-time weather data.
- Displayed city and country information along with weather conditions.

**E-Magazine (Blogging Site)**
- The E-Magazine Blogging Site is a platform designed for students to share their interests through photos, videos, and written content.
- My role in the project involved developing a user registration form to enable users to sign up for the site.
- Technologies used include Angular, JavaScript, HTML5, and CSS.

## EXTRACURRICULAR ACTIVITIES

- IEEE member
- Active volunteer in NSS(National Service Scheme)
- Active volunteer in Red Cross Society
